### VITAMIN MINERAL PREMIX FOR 30+ DAYS OLD BROILER

#### INTENDED USE:

Special combination of vitamins and trace elements for healthy and resistant and highly performed broilers. Amino acids (Lysine, Methionine, Threonine) for better protein quality in the diet and better growth. Toxin binder for preventing probable mycotoxicosis and better growth. Vitamin E and selenium to strengthen the immune system and for good muscle growth. Biotin for healthy skin and feathers. Vitamin D and optimum combination of calcium and phosphorus for stable bones and good growth. Phytase for better utilization of phosphorus, calcium, amino acids, and trace elements.

#### USAGE:

It is used by mixing into 25 kg per 1000 kg complete feed for broiler.
