

**YEAST AND YEAST EXTRACT FOR RUMINANTS**

**INTENDED USE:** It may help to regulating microbial growth in the rumen and intestinal flora with its live and inactive yeast contents when used regularly. It may increase cellulolytic and lactate utilizing bacteria, and improve dry matter intake, daily gain, milk yield and milk composition. MOS content may increase immune function as well.

**USAGE:**

Cattle : 10-50 g/day

Sheep and Goat : 2-7 g/day

It is used by mixing into the daily feed and water of the animals.
