It is a special combination of vitamins, trace minerals, enzymes, amino acids, coccidiostat, toxin binders, antioxidants for broiler growers. Essential amino acids (lysine, methionine, tryptophan and threonine) in its content provides quick and healthy growth. Toxin binders prevent probable mycotoxicosis and provide better growth. Vitamin E and selenium strengthen the immune system and are for good muscle growth. Biotin is for healthy skin and feathers. Vitamin D and optimum combination of calcium and phosphorus are important for stable bones. Phytase provides better utilization of phosphorus, calcium, amino acids and trace minerals.
